 - D. Federal installations if required.
15. The time is 2:30 pm on the 27th of September. The six-digit date time group is:
- A. 023027
 - B. 143027
 - C. 270230
 - D. 271430
16. It is a hot, sunny summer day and you are assigned to work in an area of high grass and brush. Which of the following statements about uniform wear is correct?
- A. Because of the heat I should wear my trousers unbloused.
 - B. If it is really hot, I should take off my shirt and wear only the undershirt – if I have conditioned myself well with a good tan the sun will not be a problem.
 - C. I should wear a mesh baseball cap because it is cooler.
 - D. Trousers should be treated and bloused and shirt sleeves down unless otherwise directed.
17. Which of the following is true about Emergency Deployment Readiness Exercises (EDREs)?
- A. An EDRE is conducted by each VDF unit or NGST at least once a year.
 - B. EDREs exercise the alerting system and verify recall information.
 - C. The EDRE orders personnel to duty.
 - D. A and B only.

Virginia Defense Force
Orientation Level II Test Booklet

18. Which of the following is a correct convoy procedure?
- A. Vehicles should maintain a set spacing to ensure civilian cars do not disrupt the convoy order.
 - B. First, last, and commander's vehicle must have radios.
 - C. A vehicle which breaks down should be left immediately without a standby vehicle – the driver will be responsible for taking care of the vehicle.
 - D. Only the lead vehicle and the commander should have a strip map.
19. The basic purpose of a Command Post is to:
- A. Provide a location from which the Commander can direct operations.
 - B. Provide a safe location where disaster victims can seek help and shelter.
 - C. Ensure that the unit First Sergeant, Supply Sergeant, and Commander are always in the same place.
 - D. Make it easier for Regimental staff to locate the Company Commander for information and direction.
20. The geographical area within which a commander is assigned a military mission is:
- A. An Area of Responsibility.
 - B. A command-and-control area.
 - C. A communications area.
 - D. An area of operations.
21. An untrained search team has been assigned to make the initial check of collapsed buildings after a major earthquake. Moaning is heard in some rubble, but all that can be found is the partly buried body of a person whose head is clearly crushed. The rubble pile is unstable, and debris shifts. The untrained team should:
- A. Continue to dig in the rubble – someone is alive, and it is worth any risk to save them.
 - B. Go on to check another building – the body found must have been the person who was moaning. No report is necessary.
 - C. Go on to check another building – the body found must have been the person who was moaning. Report the deceased body and its location for follow-up.
 - D. Mark the rubble area and immediately report the sign of life in unstable rubble and that a body has also been found.
22. Command Posts (CPs) should have reliable communications with which elements:
- A. The higher headquarters only.
 - B. Subordinate unit and next higher headquarters.
 - C. The JOC.
 - D. Division Headquarters.

Virginia Defense Force
Orientation Level II Test Booklet

23. In an emergency, when the National Guard requests VDF support, what is the level of formation that will be most likely activated to do the work?
- A. Force Headquarters
 - B. Company
 - C. Regiment
 - D. Team
24. Emergency workers are assigned to help warn residents to evacuate low lying areas as a river is rising and is expected to reach flood stage in the next four hours. Which of the following is something they should be sure to do?
- A. Do not take time to dress in a uniform – this is an emergency.
 - B. If someone refuses to leave their home, physically force them to leave.
 - C. Tell people to get out now – they will know what to do and do not need any specific instructions.
 - D. If no one is home, leave a copy of the evacuation instructions on the door.
25. The basic working response unit of the VDF is the:
- A. FORHQ
 - B. Regiment
 - C. Company
 - D. NGST Team
26. The word DAM would be spelled using the phonetic alphabet as:
- A. Delta, Alpha, Mike.
 - B. Dog, Able, Mike.
 - C. David, Adam, Mary.
 - D. Delta, America, Mary.
27. You are the Commander of an MCP team. Several of your troops don't think they should have to load equipment according to a standard plan – as far as they are concerned load plans are just dumb and shouldn't have to be followed. What should you tell them?
- A. We have to do this because someone at Force Headquarters thinks it is important.
 - B. Even though we are not in the Army we still have to follow regulations.
 - C. Having key items stowed in a prescribed way makes it easier for anyone to find them in an emergency.
 - D. Because no one inspects the unit they don't have to use a load plan.
28. Which law enforcement agency is headed by an independent elected official responsible for the safety of the citizens within his jurisdiction?
- A. National Guard
 - B. Police Department
 - C. Sheriff's Office
 - D. Virginia State Police
